LOCAL MATTERS

Fun rises tomorrow at 5:00 a. m. and sets 7:09 p. m. High water at 9:11 a. m. and 9:12 p. m.

WEATHER PROBABILITIES.—For this week: fair; cooler tonight and Saturday; fresh northwesterly winds.

CHARGED WITH PITCHING CENTS.—Justice Lovjoy of this city and Justice Green, colored, of the county, were on the wool sacks yesterday in the basement of the Columbus street court house and before them were three black boys who had been arrested by Constable Grady, colored, for the serious offense of pitching cents near the Thelma Hall. Between 25 and 30 derelicts of all ages and conditions were present as witnesses and spectators. An old colored individual gave damaging testimony against the boys. The latter faced the tribunal, while some of their searose acquaintances watched the proceedings with hanging lips and distended eyeballs. The defendants in their statements undertook to prove that they were not pitching the cents, "in keeps," but the court could not see the matter in that light, and the boys were assessed. Warrants are out for three others who are charged with being in the party. Crapshooters and cent-pitchers are but the minnows compared to the schools of gamblers from those in Wall street down to the participants in draw-poker in the grocery. But the high escape by carrying away the net or ridding it, while the meshes hold the little ones.

ADVERSE TO JIM CROW LAWS.—Representative Morrell of Pennsylvania introduced in the House yesterday a bill to prevent discrimination by common carriers of passengers traveling in the District of Columbia on account of race or color. The bill makes it unlawful for any railroad, traction, or other transportation company engaged in business as a common carrier in transporting passengers within the District of Columbia to make discrimination in the accommodations whether such discrimination be by requiring such passengers to be carried in cars or parts of cars separately because of race or color. The bill further provides that any officer, director or employee of such corporation who shall make, publish, or undertake to enforce any rule or any organization discriminating against such passenger on account of race or color shall be guilty of an offense against the laws of the United States, and shall be liable to an indictment in the courts of the District of Columbia, and upon conviction thereof may be punished by the imposition of a fine not exceeding \$5,000, or imprisonment for a term not exceeding two years, or both in the discretion of the court. The bill was referred to the Committee on District of Columbia.

PERSONAL.—Mr. and Mrs. A. Taylor and daughter, of Philadelphia, are visiting their aunt, Mrs. Jas. Hepburn, 814 north Royal street.

Mrs. Marian Bruce, of Fredericksburg, is on a visit to friends in this city.

Rev. E. V. Register, formerly pastor of the M. E. Church South, was in this city this afternoon.

Mr. Thomas L. Rait has graduated in dentistry at the Columbian University in Washington and will receive his degree on the 4th of June.

Among those who graduated in medicine at the Columbian University in Washington this year, is Mr. Alexander Murray, of this city, and the degree of M. D. will be conferred upon him at the finals next month.

Alexandrians who have visited the Charleston Exposition recently report these from the city who are employed on the grounds are well and enjoying their temporary change of base. Among the latter is Mr. A. W. McElor, who always sends his best respects to his friends as well as an occasional souvenir.

Among the graduates this week, in the Medical School of the University of Maryland, was Mr. S. R. Donohoe, Jr., of Fairfax. Upon his graduation Dr. Donohoe was tendered and accepted a position on the surgical staff of the University of Maryland Hospital.

PAWNEE BILL'S WILD WEST.—The combined shows of Pawnee Bill, which exhibit in Alexandria on the 19th instant, are first class in every respect. As a lifelike portrayal of savage modes, it has no equal, requiring 100 genuine Indians, cow boys, scouts, trappers and Pawnee Bill's humbly educated moustache. The performances of the trained animals are excellent, and equal to any ever exhibited. May Little's shooting is wonderful, and the riding and driving of 35 wild mustangs are all grand features. The wild buffalo and long-horned Texas steers, the grand Mexican Hippo-borne races, by seniors and seniors, are most wonderful and exciting. Besides the thousand men and horses employed a new idea for the little people has been introduced. It is a miniature Wild West with lilliputian stage coaches, prairie schooners and, harnessed to them, Shetland ponies and burros ridden and driven by sturdy Indians, Arabs, Cossacks and Western boys.

BODY FOUND.—A human body was sighted yesterday afternoon floating in the river opposite Marshall Hall, by the captain of the navy yard tug Fenton, but no attempt was made to secure it. The discovery was reported to Harbor master Sutton in Washington and he reported the matter to police headquarters, but made no attempt to go in search of the body, as it was too late in the day to make the trip with any hope of success. The body will probably be found by some passing boat or when it is washed ashore, and it will then be held for identification. There are a number of missing persons on the Washington police records, and it is supposed that the body is that of one of those reported missing.

STOLE SIXTY-SEVEN DOLLARS.—Early last night a box containing \$67 mysteriously disappeared from Mr. Thomas Kelly's saloon, northwest corner of Wolfe and Alfred streets. The proprietor immediately notified the police of the theft and every exertion is being made to recover the money. Mr. Kelly stated that the money was in a box back of the counter and he having occasion to leave the bar room temporarily found it had disappeared during his absence.

POSTING THE RULES.—Mr. George W. Patter, Chief Engineer of the Fire Department, was engaged today in posting throughout the city the cards directing the number of blasts to be sounded from steam whistles in case of fire. He placed them in all places where steam whistles are used. This will prevent much confusion in cases of fire, when telephones are not available.

EPWORTH LEAGUE.—The regular monthly literary meeting of the Epworth League of the M. E. Church South will be held in the auditorium of that church tomorrow at 8 o'clock. The league has been fortunate in securing Rev. F. J. Prettyman, pastor of Mt. Vernon Place church, Washington, to address them on his travels and visit to Epworth, the home of the Wesleys. Mr. Prettyman is an attractive speaker and those who do not hear him will miss a treat. Mr. Arthur Yundt, of Washington, violinist, will play an obligato for Miss Pollard, also a violin solo, accompanied by Mrs. H. S. Barker, and an instrumental solo accompanied by Miss Thomas.

ACTIVITY IN THE LUMBER TRADE.—The lumber trade of Alexandria is increasing to such an extent that all that can be brought here is quickly disposed of, while planing and saw mills are often running night and day filling orders. The favorable situation of Alexandria with its water front and railroads is gradually bringing the results dreamed of years ago, and our enterprising merchants and manufacturers will keep the ball rolling. Sooner or later the tide is sure to reach its flood.

DRAWING TO A CLOSE.—There was a noticeable increase in the receipts at Fleet wharf this morning and cutters and packers were busily at work. It is generally conceded, however, that the curbing has risen upon the last act of the fishing season of 1902. Most of the craft which have been engaged in running fish are laid up in the different docks, while the operators at the shores are gradually "cutting out." Prices this morning were about unchanged.

CROSSES OF HONOR.—The United Daughters of the Confederacy are perfecting arrangements for the bestowal of the Southern Cross of Honor on ex-Confederate soldiers in Alexandria, whose services to the Confederacy ceased with the surrender at Appomattox or afterwards. The committee agree that the names of all such be sent to at once, with evidence and names of endorsers.

MEETING OF VETERANS.—The Alexandria Light Infantry Veterans held a meeting last night. There was a fair attendance of members, and considerable routine business was transacted. The by-laws and constitution which had been formulated were adopted. The organization has taken vigorous growth and all connected with it are much interested in its perpetuation.

UNION DEPOT.—It is said that both the Pennsylvania and the Baltimore & Ohio railroads have agreed to the proposition contained in the Peterson amendment to the Union Railway Station bill, that the station shall be open to all railroads which now come into the District of Columbia or which shall do so in the future.

DUE TO HEART FAILURE.—After a careful investigation by the Prince William county officials, assisted by two detectives of Washington, the former are thoroughly convinced that William Smith, who was found dead near Woodbridge last Saturday, was not murdered, but that heart failure was the cause of his death.

FIRE.—A slight fire occurred at the Alexandria Hosiery Factory on Wilkes street about two o'clock today and brought out the entire department, although only the Columbia engine went into service. The fire was beneath the floor in the rear of the building, and was soon extinguished.

CLUB MEETING.—The Del Ray Club held a meeting last night in their new club room. Considerable business of importance was transacted. Three members were elected and several applications for membership were received. A sum of money was appropriated for athletic material.

APPOINTMENT.—Mr. J. F. Birrell has been notified of his appointment to a clerkship in the postoffice in this city, and he will assume its duties on July 1. He will begin on a salary of \$500 a year which will be increased from time to time until it shall reach \$1,000.

AUCTION SALES TOMORROW.—S. H. Lunt, auctioneer, will offer for sale at public auction in front of the Royal street entrance to the City Hall at 12 o'clock tomorrow lot No. 3 on plat No. 2 on the east side of Washington street near G Street. The sale will be under a decree of the Corporation Court. Messrs. K. K. and J. M. Johnson are the commissioners of sale.

Mr. Lunt will also sell on the premises at 5 o'clock p. m. the frame cottage at Fostoria, Alexandria county.
